E-CARGO CRUISER

ABOUT THE E-CARGO CRUISER

The large aluminum box offers a lightweight and optimal protection for your precious property. Balanced design, safety and comfort as the main properties. Less effort, more joy. The two big front wheels and tilting back frame make sure you stay safe and secure on the road.

With the 5.3 version, supported by the newest Shimano STEPS system, you can switch all the lights on and off, using the modern enhanced handlebar display. The 5.3 version of the E-Cargo has stepless gears, equipped with hydraulic brakes and the saddle has a quick-release seat clamp. Handy when changing drivers. The child seat is made of waterproof mesh material and equipped with a five-point belt for extra safety. And with alloy fenders, you can enjoy your E-Cargo Cruiser 5.3 longer than ever before.

A cargo bike which makes unforgettable moments.
Guaranteed.
