

CYCLED

TRANSFORMS
THE ONLY THING THAT POLLUTES IN A BIKE:
THE TYRE

Cycled is an Italian brand from Venice. It is our brand. We are Luca and Silvio, two brothers who believe in recycling, craftsmanship and in a sustainable lifestyle. Since 2014, we have given thousands of used bicycle tyres a second life.

PRODUCTS

— SUPERCORSA —

The Cycled Supercorsa belts are at the forefront of our creative upcycling process. Designed from the idea to recycle tubular tyres used in racings – they are normally too stiff to be transformed into other products – our Supercorsa Belt combine an ultimate upcycling idea with a particularly elegant style.

— CORE —

— SPORT —

COLOUR —

— MATCHED

— LACLASSICA —

LaClassica Cycled belts are icons of distinctive style. Core, Sport, Match and Colour. Different details and colours made from the same material: a used bicycle tyre. Every Belt is a unique piece and is iron branded.

— KEY HOLDER —

Our Key holder is made from tyre cut outs – we make sure a used bicycle tyre gets entirely upcycled. It holds your key and hides a special feature: a uSB stick. Made from a bicycle tyre strap stitched with coloured strings and finished with a leather belt loop.

— BRACELET —

At Cycled we do upcycle bicycle tyres entirely – also cut outs. Made from a tyre remain stitched on eco-leather, the Cycled Bracelet features a very minimalist and elegant style without renouncing durability. Antioxidant buckle, available in 18 20 - 22 cm length

COUNTER DISPLAY

— RACE COUNTER —

The race Counter Display is inspired by our bicycles. It is made from a handlebar and two small wood shelves, perfect for desks. (Dim. 55x40x20 cm)

— EXAGONAL COUNTER —

The hexagonal Counter Display is fully made of wood. Designed to hold six belts with their packaging, perfect for desks. (Dim. 40x25x18 cm)

— UNIT COUNTER —

The Mono Counter Display is the smallest one, perfect for shelves and desks. It is made from bicycle spokes and wood. (Dim. 15x8x8 cm)
